

1 **i-daptive**

Intelligent and adaptive system for **dynamic comfort**. It allows the shoe to adjust to different usage conditions: it absorbs shock, dissipates energy, stabilizes walking, promotes correct posture, and repositions the foot, reducing the risk of injuries and sprains.

2 **FIT&GO**
INSTANT COMFORT, LONG-LASTING SUPPORT

An innovation that changes the way you wear shoes quickly and effortlessly.

The ergonomic heel gently cradles the foot, reducing pressure and friction. Its soft and stable structure guides the heel into the perfect position inside the shoe.

3 **SCUFF CAP**
Integrated **abrasion-resistant** toe cap for increased durability.

4 **HIGH ELECTROSTATIC CONDUCTIVITY FOOTWEAR FOR ATEX ENVIRONMENTS AND EPA ZONES.**

Thanks to a rapid and efficient dispersion, it minimizes the risk of unwanted electrostatic discharges, offering protection in both ATEX environments and while handling electronic devices in EPA zones.

BASE — FEEL THE COMFORT

UPPER

Water Resistant Technical Textile

LINING

SmellStop

Antibacterial and anti-odor lining. It prevents the proliferation of microorganisms responsible for bad odors and mycosis.

FOOTBED

Dry'n Air
COMFORT CUB3

COSTANT COMFORT, LASTING SUPPORT, BREATHABILITY WITH EVERY STEP

Made with soft and resilient material, it ensures lasting support and constant comfort. Thanks to the micro-holes distributed across the entire surface, it provides maximum breathability, keeping feet dry and fresh even during the most demanding days.

PUNCTURE RESISTANT MIDSOLE

Fresh'n Flex SUPER LIGHT

New ultralight, high-performance, perforation-resistant insert (PS nail 3mm).

TOE CAP

Aluminium

SOLE

Dual-density PU/HRO rubber with i-daptive® technology
