ADVANCED TECHNOLOGICAL INNOVATION

# PORTWEST®

**The Portwest LED High Visibility Collection** uses innovative integrated and compatible LEDs to offer **enhanced visibility**. The bright **fluorescent fabric** combined with HiVisTex **retro reflective tape** and **LED lights** offer the highest level of **visible protection** in low light conditions and incorporates 3 fundamental properties.

1

**Fluorescent material** for visibility in daylight.

2

HiVisTex **retro reflective tape** for visibility in low light conditions when under the illumination of headlights.

3

**Multi-setting LED lights** which offer visible protection in very low or no light conditions.

## WHY CHOOSE ? PORTWEST ? LED TRIPLE TECHNOLOGY

**Triple protection and safety** for user's visibility in **1. daylight, 2. in darkness** under the illumination of a light source and **3. in total darkness** with no light source.

With the added LED lights, the wearer gains the **advantage of visibility** up to **500 metres** away while not depending on incoming light sources (L470 & L476).

Tested to the latest **EN ISO 20471 & RIS 3279 TOM ISSUE 1** (orange only) standards and **RoHs compliant**.

**Low power consumption** allows for a run time of **80 hours** powered by 2 x AA batteries (L470 & L476).

**Multiple functions** including High / Fast flash / Slow flash (L470 & L476).

**Superior brightness** with **25 lumens** (L470 & L476).
